Comments :

The Capri 25 is a very comfortable day sailer and weekender. It is particularly fast in lighter air and sets up well in a breeze.

I have owned this boat since 1995, and previous to that the owner sailed out of EYC, and prior to that was bought new from Swans. All the owners cared for her, and I am no exception. "Wee Beestee" has had an extensive refinish in 2003-4. She has a new mast and running rigging 2009. "Wee Beestee" has been dry sailed since then, although having a lifting strap has allowed us to lift and clean throughout the racing season.

She is water tight and has no odours. Our primary recreation is racing, round the cans and some distance events. A proven winner!
