

WYC Sonar Fleet 5 - Fleet Special Rules – 2016 Edition

All Sonar Class Rules (“SCR”) are in effect for all races governed by the WYC Sailing Instructions, except as modified below:

Lonar:

Lonar will be held the Saturday of the 3rd Big Island Race. If the race can’t be held that Saturday due to weather, the backup date is the 4th Big Island Race. In unusual circumstances, this could be rescheduled. Whichever race the Lonar is raced in place of will not be scored as part of the Big Island Series. This modifies RRS 90.3a The “Lonar Cup Race” NOR & SIs posted on the WYC fleet 5 website.

(Proposed change to wording below)

Average Points for Missed Race(s):

Any Sonar missing a WYC race because its owner or skipper travels to and races (or intends to race) in any Eligible Regatta(s) specified below will be scored its average number of points in applicable subseries (i.e., G, T, M, A, B, C, BI) for such missed WYC race.

Eligible Regattas

1. Sonar Worlds
2. Sonar North Americans
3. Sonar regatta with a separate, individual Sonar one-design class start & scoring.
4. Sonar match racing or team racing regatta
5. Any boat at Lake of the Woods International Sailing Association Race Week
6. Any Scow at the ILYA Inland Championship.
7. Any Scow Nationals. For purposes of clarification, no other scow regattas (including without limitation local regatta, Invitational, Interlakes, Blue Chip and Worlds) will qualify.
8. Any one-design keelboat Nationals, North Americans or Worlds regatta.
9. Any US Sailing Championship regatta (e.g., U.S. Adult Championship/Mallory Trophy)

For purposes of clarification:

1. WYC races held during an Eligible Regatta and 2 days before and after such regatta will be eligible for average points.
2. Limitations
 - a. No more than 2 average scores will be given to a Sonar per subseries (e.g., G, T, M, A, B, C).
 - b. No more than 6 average scores will be given to a Sonar in any year.

Calculation of Average Points

The place scored will be the average that Sonar earns for all of the races in the applicable subseries (i.e., G, T, M, A, B, C, BI Series) *excluding* the last race in the subseries in question, with 0.05 to be rounded upward. This will be calculated using scores for the applicable subseries (e.g., G, T, M, A, B, C, BI Series) in question and not calculated, or based on, overall Championship or Sunset Series. The place scored in the individual subseries in question will be used for scoring the Championship and/or Sunset Series, as applicable.

Process

In order to receive average points, any Sonar requesting average points for a specific WYC race(s) must file a written Request for Redress according to RRS 62, citing “Scoring Inquiry” at the top of the form, and placing into the WYC Protest Box.

This modifies RRS A2.

Charter Boats:

A chartered BOAT will be scored for club races as the sail number unless otherwise declared per WYC SI #25.6, not the crew.

A Sonar may sail with one or more persons. This overrides SCR C.2.1(a)

Boats must pay fleet dues. Dues must be received by the fleet treasurer at least 5 business days prior to any race which is to be scored. This changes SI #2.3 by adding this eligibility requirement.

For purposes of selecting the Sonar Fleet's representative to Champ of Champs Regatta, Sonar representative will be based on then-known Thursday WYC Sunset Series race standings.
